IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

Elevated Fluoride Levels Detected. This notice is being sent to you by the Stratford Muni Water Dept PWSID# 4051002.

This is an alert about your drinking water and a cosmetic dental problem that might affect children under nine years of age. At low levels, fluoride can help prevent cavities, but children drinking water containing more than 2.0 milligrams per liter (mg/l) of fluoride may develop cosmetic discoloration of their permanent teeth (dental fluorosis). The drinking water provided by your public water system Stratford Municipal Water Department has a fluoride concentration of 2.54 mg/l.

Dental fluorosis in its moderate or severe forms may result in a brown staining and or pitting of the permanent teeth. This problem occurs only in developing teeth, before they erupt from the gums. Children under nine should be provided with alternative sources of drinking water or water that has been treated to remove the fluoride to avoid the possibility of staining and pitting of their permanent teeth. You may also want to contact your dentist about proper use by young children of fluoride-containing products. Older children and adults may safely drink the water.

Drinking water containing more than 4.0 mg/l of fluoride (the U.S. Environmental Protection Agency's drinking water standard) can increase your risk of developing bone disease. Your drinking water does not contain more than 4.0 mg/l of fluoride, but we're required to notify you when we discover that the fluoride levels in your drinking water exceed 2.0 mg/l because of this cosmetic dental problem.

For more information, please call Rachel Cahill of the Stratford Municipal Water Department at 515-838-2311. Some home water treatment units are also available to remove fluoride from drinking water. In Iowa, home water treatment units are regulated under 641ô Chapter 14, with the water treatment unit registration program administered by the Iowa department of public health's environmental health division. In addition, you may call the National Sanitation Foundation (NSF) International, at 1-877-867-3435.

Heating assistance for families

The Low Income Home Energy Assistance Program (LIHEAP) is designed to assist low-income families with the cost of home heating. Applications are accepted on a first-come / first-serve basis as posted at your local community action office. The Community Action Agency for Stratford is Upper Des Moines Opportunity; phone 515-832-6451.

A household may qualify for assistance in this program if its income falls within a prescribed income range. When you apply, bring proof of income for the last 3 months, including verification of any fixed income such as Social Security benefits and Aid to Families with Dependent Children; a copy of your federal income tax return; and copies of your heating and electric bills.

For more information, contact your local community action agency office or LIHEAP Community Action Department of Human Rights, Capital Complex, Des Moines, IA, 50309; 515-281-4204

PROJECT SHARE —

Add a "PS" to help a neighbor

Many less fortunate neighbors are worried about keeping their families warm or cool during the winter or summer season. You can do something to help — through **PROJECT SHARE**.

Project Share is a plan that helps needy households pay a portion of their wintertime or summertime energy bills. Add a regular "PS" contribution to your monthly utility payments or make a direct donation. Your contribution is voluntary, flexible, and tax-deductible.

To participate, simply call 515-838-2311, stop in at City Hall in Stratford.
